SUMMER 2024 COURSE SCHEDULE (TERM 2247) MEDICAL EDUCATION PROGRAM (MEDEDU)

The ICRE course schedule provides class listings and associated course information. The course information shared on this schedule is updated regularly to reflect any programmatic changes. Occasionally the University of Pittsburgh's official Course Catalogue will display different information than what is provided below. Please always rely on this schedule as the most accurate listing of ICRE courses.

Please familiarize yourself with the terminology used in the course schedule:

| | |
|---------------------|---|
| Online Course | |
| - Synchronous | Synchronous courses are live, online courses that are conducted in real-time on Zoom. The instructor and students are together in the same session, which will begin and end at a fixed time. |
| - Asynchronous | Asynchronous courses are composed of prebuilt course components, allowing students to complete them at the time and pace of their choosing. |
| Group A Group B | Students are split into two groups prior to the start of term. These groups are determined by student preference and seat availability. Due to the elevated enrollment in our summer courses, creating subgroups within our courses allows for a richer student experience. |
| Small Group Session | In-person sessions that involve small group work and discussion. |
| Open Lab Sessions | Time periods when teaching assistants will be available in the computer lab (physical or virtual) to assist students with lab assignments. Students are able to attend open lab sessions when it is most convenient for their schedules. |
| Recitation | Presentation by a teaching assistant or instructor that supplements course materials. Please reference schedule for mandatory and optional recitation sessions as well as online vs. in-person. |

General Enrollment Information:

- All students have five business days after the start of a course to drop the course.
- Students may take other graduate-level courses at Pitt, subject to approval by their advisor and the ICRE.
- University offices are closed on Memorial Day (5/27), Juneteenth (6/19), and Independence Day (7/4).
- Please email icre@pitt.edu with questions regarding the ICRE course schedule.
