

**MASTER'S DEGREE PROGRAM IN MEDICAL EDUCATION:
RESEARCH PROJECTS
2004-2016**

1. Suzanne Aujesky
Costs of Residency Education: Perspective of a Division of General Internal Medicine
2. Bobby Collins
Review Curriculum to Enhance Board Performance in the National Dental Board Examination
3. Harish Jasti
Internal Medicine Residents' Attitudes And Perceptions Towards A Night Float System
Activities of Residents During The Night Float Rotation
4. Melinda Fiedor
Simulation Training With SIMBABY: The Educational Utility of a Novel Simulation Tool
5. Edward Wu
Procedural and Interpretive Skills of Medical Students (PRISMS)
6. Alda Gonzaga
Adolescent Medicine Curriculum for Internal Medicine Residents
Educational interventions to improve successful transition of young adults with special health care needs from pediatric to adult care
7. Carla Spagnoletti
Curriculum in Obstetrical Medicine for Internal Medicine Residents
8. Abby Spencer
Development and Implementation of an Interdisciplinary Curriculum for IM and Ob-Gyn Residents on Ambulatory Women's Health
9. Lillian Emlet
Implementing Standardized Sign Out to Improve Continuity of Care in the ICU
10. Rachel Bonnema
Breast health and prevention of breast cancer curriculum for IM residents
11. Reed VanDeusen
A Comprehensive Curriculum to Educate Physicians on E/M CPT coding
12. Elizabeth Weinstein
Palliative Care Curriculum for Hospitalists
13. Lillian Emlet
Inpatient triage training for Critical Care Medicine
14. Mary Brown
Young Adults with Special Health Care Needs: A Curriculum Development Project

15. Khaled Abdul-Kader
Improving Care Delivered to Chronic Kidney Disease (CKD) Patients
16. Scott Herrle
The Application of Bayes' Theorem to the Physical Examination and the Impact of Physical Examination Findings on Clinical Decision Making
17. Haruka Matsubara-Torok
Medical Students' Self-Identified Learning Goals for the Internal Medicine Clerkship (Matsubara-Torok)
18. Jennifer Arnold
High Fidelity Simulation as a Method to Teach Pediatric Residents Neonatal Airway Management Skill
19. Amy Broach
Curriculum for Gynecologic Laparoscopy Trainer
20. Jason Moore
Development of a Novel Critical Care Leadership Curriculum- Comprehensive Training for the Renaissance Intensivist
21. Gretchen Shelesky
Direct Observation with Formal Feedback: A Randomized Controlled Trial
22. Laurie Wilkie
The ERReD Study: Error Recognition, Reporting and Disclosure
23. Julie Childers
Development and Evaluation of a Motivation Interviewing Curriculum
24. Rene Claxton
Educational Impact of Weekly Emailed Fast Facts and Concepts
25. David Yuan
Does Resident Comfort with Teaching Change After Feedback from Medical Students? A Randomized Trial
26. Jo-Anne Suffoletto
Use of High-Fidelity Simulation to Teach Early Management of Acutely Decompensating Patients
27. Paul Larson
myGlobal Health: An Innovative Approach to Global Health Education
28. Briar Duffy
Improving Communication Skills and Transitions of Care: Development of a Discharge Summary Curriculum for Internal Medicine Residents
29. Anu Munshi
Quality Improvement Curriculum for Residents in the Outpatient Setting

30. John Falcone
Team Training Curriculum Effects in Trauma Resuscitation Leaders
31. Jed Gonzalo
Bedside Rounds; A Qualitative Assessment of Experienced Medical Educators
32. John Ragsdale
Assessment of resident and faculty perceptions of physical examination
33. Rollin Wright
Developing Interdisciplinary Collaborative Competency in Medical Education
34. Sara Tilstra
Developing female academic leaders: Outcomes of the VA Women's Health Fellowships 1995-2011
35. Brian Heist
Contribution of web-based simulation modules to development of clinical reasoning skills for PGY I, II level residents in Japan
36. Sandy Green
Training in Diagnostic and Intervention Cardiac Catheterization: Using a Didactic Lecture Series and Virtual Reality Simulation
37. Michael Barnett
Pediatric Supportive Care Curriculum: Impact of "Pain Cards" on Pediatric Resident Education
38. Jamie Green
Addressing Health Literacy Through Clear Health Communication: A Training Program for Internal Medicine Residents
39. Hoda Kaldas
Virtual patient simulation to teach electrolyte disorders
40. Amy Brown
Development of a Simulation-Based Delivery Room Resuscitation Curriculum for Pediatric Residents
41. Jen Corbelli
Breast and Cervical Cancer Screening and Prevention in Primary Care: A Multisite, Multispecialty Survey of Prevention Practices and a Targeted Curriculum for Internal Medicine Residents
42. Katie Berlacher
Clinician Educators in Cardiology: Do they exist and can we make more?

43. Adam Sawatski
The attitudes of internal medicine residents and faculty regarding noon conference lecture series: a qualitative study
44. Christopher Schott
The Development and Implementation for a Medical School Elective in Point of Care Ultrasonography (POCUS)
45. Tomoko Sairenji
Home Visit Curriculum for Family Medicine Residents
46. Helen Dorra
Development, Implementation and Evaluation of Curriculum in Advanced Care Planning for Family Medicine Residents
47. Michelle Freeman
Determining Priorities for Pediatric Palliative Care *Fast Facts & Concepts* Content: A Modified Delphi Technique Study
48. Lisa Podgurski
A Brief Mindfulness-Based Self-Care Intervention for an Interprofessional Group of Palliative Care Providers
49. Anna Donovan
Web-based Faculty Development in Communication and Opioid Prescribing
50. Cara King
Development and Validation of a Laparoscopic Simulation Model for Suturing the Vaginal Cuff
51. Mary Lovegreen
A Formal Curriculum for Umbilical Vein Cannulation for Pediatric Residents
52. Carolyn King
Teaching Opioid Management in Gynecologic Oncology Using Virtual Patient Simulation
53. Maggie Benson
Resident-Perceived Barriers to Practicing High Value Care in a Training Environment
54. Victoria Hornyak
A Comparison of Two Continuing Education Methods on Physical Therapy Practice Patterns in Skilled Nursing Facilities
55. Sonia Malhotra
Pediatric Palliative Care Training in Fellowship: A National Survey of Adult Palliative Medicine Fellowship Directors and Pediatric Rotation Directors

56. Alexandra Mieczkowski
Resident Autonomy in Inpatient Internal Medicine, Pediatrics and Combined Medicine-Pediatrics
57. Victoria Hornyak
Comparison of two continuing education methods on the practice patterns of physical therapists in skilled nursing facilities
58. Melissa Hogg
Robotic Simulation Training Curriculum
59. Amar Kohli
Development of a Curriculum for Internal Medicine Residents on an Effective Way to Request a Consultation
60. Deborah Dinardo
Evaluation of a Diagnostic Checklist for Clinical Reasoning
61. Noel Jabbour
Developing a Myringotomy and Tympanostomy Tube Simulator with Automated Feedback
62. Helbert Rondon-Berrios
The Electrolyte Club: An innovative curriculum for internal medicine residents on disorders of water homeostasis
63. Jennie Broders Jarrett
A systematic, interprofessional pharmacotherapy curriculum within a Family Medicine Residency Program
64. Elena Lebduska
Team QI for Residents: Quality Improvement in the Care of Diabetes Mellitus
65. Andrew Musits
Improving central line training in the simulation lab: Efficacy of a competent facilitator model
66. Rani Nandiwada
Evidence Based Practice on Consult Services
67. Jennifer Rusiecki
A Shared Decision Making Curriculum for Internal Medicine Residents
68. Matthew Siedsma
Knowledge Translation via Simulation in ARDS

69. Brielle Spataro
Gender Differences in Coping and Burnout Among Internal Medicine Residents
70. *Josif Stakic*
Development of a neuroscience curriculum for Nazarbayev University Medical School
71. *Melissa Tavarez*
Teaching Fellows How to Teach Effectively through the Lecture: A Pilot Curriculum Study
72. *Arvind Srinath*
A novel Innovative Pediatric Gastroenterology Fellowship Curriculum
73. *Amanda Brown*
Improving Pediatric Residents' Communication Skills: Helping Patients with Serious Illness and Their Families Make Difficult Decisions
74. *Amy Farkas*
Establishing Consensus in Women's Health Residency Education
75. *Courtney Kiser*
Neonatal Simulation Curriculum: Repeat exposure to pediatric residents
76. *Sarah Merriam*
Indirect Observation: A Novel Method of Continuing Teaching Education
77. *Aditi Puri*
Piloting a Novel Online Module Curriculum for Training Hospitalist Faculty Providing Care to Geriatric Hip Fracture Patients
78. *Swati Shroff*
Development and Evaluation of a Sexually Transmitted Infection Curriculum for Internal Medicine Residents
79. *John Szymusiak*
A Patient Safety Curriculum for Senior Level Pediatrics Residents
80. *Eloho Ufomata*
A Curriculum for IM residents on LGBT Primary Care

Italicized projects are in progress.
